

NOTICE TO RIDERS

Due to the recent issues with civil unrest throughout the Emeryville community, the Emery Go-Round has implemented a protocol to immediately suspend service in the event such activity occurs for the safety of our riders and operators. We are working closely with the Emeryville Police Department to identify when such situations are anticipated.

When such events occur, our operators will complete their trip to the MacArthur BART Station, or in the event the BART Station is perceived as an unsafe location, our operators will drop passengers off at a safe location. We will also notify passengers through our real-time tracking system alerts.

To sign up for real time service alerts, we encourage you to download our free “Emerygo” app. If you do not have iOS or Android, you can go to our website, www.emerygoround.com, click on Real Time Tracking and then click on Alerts. To view any Emery Go-Round announcements, go to the EmeryGo app or the real time tracking page at www.emerygoround.com and view “Announcements”.

We apologize for any past or future inconvenience this may have or may cause our riders.

Stay safe and be aware!
